Translation Getting it Right

A guide to
buying translation

If you're not a linguist yourself, buying translation can be frustrating.

The suggestions in this guide are aimed at reducing stress and helping you get the most out of your translation budget.

Q: Translation, interpreting

A: Translators write; interpreters

If you're working with written documents – a user manual for your German customers, billboards for a sales

new subsidiary in Japan – you must understand – you need a *translator*.

If you want to interact with people in a foreign language in the spot – a late-night show with Mexican viewers, a radio broadcast in Spanish, a family reunion where you need an interpreter
